

To All Power Boat Owners

PREDICTED LOG COMPETITION
SATURDAY, August 22, 2009

It is intended to hold a Predicated Log run on Saturday, August 22, 2009. The start time is not important but the finish time is. This will be determined at the Skippers' meeting at 0900. Please find attached the rules for this competition.

As stated in the rules, two courses will be compiled - those boats traveling at over 12 knots, and those under 12 knots. The courses will be passed out at 0900 at which time you get out your trusty (or rusty) dividers and of course your well worn chart of Halifax Harbour. Do your goesintos and then advise your assigned observer of what time you wish to depart, in order to finish at the specified time.

Each skipper will be assigned an impartial observer who will be the only person onboard with a timing device. As this competition is meant to be a family/fun exercise, skippers are encouraged to bring their First Mates - the First Mates may then be assigned as observers on some other boat.

It would be appreciated if you could indicate your interest in this event by contacting Louise Fraser at 465-6363 or by e-mail at 007fraser@eastlink.ca not later than August 19, 2009 and let us know how many might be joining you. Good luck.
